## AN APPEAL.

The Conference has about 1700 members who each pay \$2.50 yearly and 211 who pay \$10.00. It greatly needs a little more revenue. Its work is extending; opportunities of great usefulness are happening. The easiest way to make its financial basis quite sound is for two hundred ordinary members to become sustaining members. This would add \$1500 to its net revenue. Who will join the two hundred? Write to the Secretary.

This is not the only appeal. We are working hard for new members also. Will you help in that? Write to the Secretary.

If you think of attending the Conference, write to the Secretary for all the literature as published.

VOLUME X.

NOVEMBER, 1906.

NUMBER 4.

---

### ANNOUNCEMENT.

The 34th National Conference of Charities and Correction will convene at Minneapolis in the grand auditorium, on Wednesday, June 12th, 1907, at 8 P. M.

The arrangements that are made and those in the making, justify the assertion that this will be one of the best Conferences ever held. That the program will be varied and interesting goes without saying; the names of the chairmen of committees are evidence enough of that. There will certainly be a large attendance, whether it will break the record set at Philadelphia, no one can pretend to know.

The season of early June is ideal for Minnesota. Arrangements will be made for visits to Lake Minnetonka and the falls of Laughing Water, and for other attractive visits. The Railroad rates will be liberal and there is a good probability of time limits, which will make it possible for eastern visitors to see the great Northwest, and still avail themselves of the reduced rates. These and many other considerations which will be presented to the members, and to many others who may become members, lead us to expect that even the great gathering in Philadelphia may be surpassed in numbers and interest.

\* \* \*

### THE MINNEAPOLIS END.

The following communication from Edwin D. Solenberger who is chairman of the committee on membership and correspondence at Minneapolis, was read at the Executive Committee Meeting on January 5th.

A local committee has been organized in Minneapolis to co-operate with the officers and the executive committee of the National Conference in the interest of its thirty-fourth annual meeting, to be held in Minneapolis, June 12-19, 1907. The Minneapolis Commercial Club has guaranteed to provide the necessary funds to make the work of the local committee a success. The Public Affairs Committee of the Commercial Club will be the local executive committee and the following sub-committees have been appointed and organized: Invitations, reception, accommodations, entertainment, halls, transportation, press, badges, membership, publicity and correspondence.

Mayor-elect J. C. Haynes has accepted the chairmanship of the committee on invitations and he will issue a personal invitation to the Mayors and City Officials of all the important cities in the United States and Canada. Governor John A. Johnson, who attended the Philadelphia Conference, has accepted membership on this committee and he will write to the Governors of all the states, urging them to attend the Minneapolis Conference in person and to appoint official delegates.

The General Passenger Agents of two important railway lines, have accepted membership on the transportation committee and they are pledged to endeavor to secure the lowest possible rates and the most favorable time limits for all delegates to the Minneapolis Conference.

Mr. Charles E. Faulkner, Ex-President of the National Conference will be chairman of the reception committee, which is a sufficient guarantee that this work will be well done. Mr. Frank R. McDonald will be chairman of the committee on accommodations and as he attended the Portland, Oregon and Philadelphia Conferences he understands what the delegates will expect from his committee. Mr. W. P. Barton, Superintendent, City Poor Department, will be chairman of the committee on badges.

The committee on membership, publicity and correspondence in co-operation with the General Secretary has begun an active campaign to secure a large and representative attendance at the 1907 conference and every effort will be

made to secure a very full attendance, especially from the entire Northwest and from Canada.

The excellent mailing list, enlarged and revised by the Philadelphia local committee will be brought up to date and used. The committees on invitation and transportation will co-operate with the committee on membership, and will join forces with Secretary Johnson in a systematic and vigorous publicity campaign.

It is interesting to see how fruitful is good work. The splendid membership and publicity committee at Philadelphia, not only achieved admirable results for the Thirty-third Conference, but set a standard which the friends at Minneapolis are determined to attain to, or surpass.

\* \* \*

#### GUESTS OF THE STATE AND THE MUNICIPALITY.

It has rarely happened to the Conference, that its members have been so distinctly the guests of the state and the city, to which they are invited, as will be the case at Minneapolis. The Governor, who personally carried the invitation to the Philadelphia Meeting, ably seconded by the Board of Control and the leading institution men in the service of the state; the Mayor of Minneapolis, with the civic officials; the strong and efficient Commercial Club, whose Public affairs Committee will act as local executive and finance committee; the President and faculty of the University of Minnesota and the two active and well organized Associated Charities of the twin cities, from a combination which would be hard to excel. These men are accustomed to do things and to do them well. They have acquired the habit of success.

\* \* \*

#### MEETINGS OF THE EXECUTIVE COMMITTEE.

The Executive Committee met at Albany during the session of the National Prison Congress. Those present were Messrs. Butler, Wines, Glenn, Brackett, Hart, Henderson, Brinkerhoff, Sanborn, Fox, Robinson, and Johnson.

The date of the Conference was set for June 12th to 19th. The President and General Secretary were empowered to conclude in their discretion arrangements with the local committee as to the mailing lists and preliminary advertising. It was decided that the regular conference badge shall be the metal badge such as was used at Portland, Me., and Portland, Ore., to be sold to members, the local committee in their discretion to add a neat ribbon badge; which may be worn or not at the option of the member; also that there shall be kept a visitors' register in a special book, the names of those so registering to be printed in the daily bulletin.

The Committee met again at the Great Northern Hotel, Chicago, on Saturday, January 5th. Nine members were present. The President and General Secretary reported the result of their meeting in Minneapolis with the local committee.

A communication, printed on another page, from Mr. Solenberger, was read and Prof. McVey reported on behalf of the local committee, on the progress achieved.

The General Secretary reported the work of publicity which has been conducted from his office, and briefly outlined the plan now to be put in action from the office of the local committee.

\* \* \*

### STATE CONFERENCES.

The General Secretary attended the State Conferences at Marietta, Ohio, Muncie, Ind., Chicago, Ill., Kalamazoo, Mich., Red Wing, Minn., Omaha, Neb., and also the quarterly conference of Institution officers and members of the State Board of Control, at Des Moines, Ia. At each of these he was given an opportunity to explain the purposes and advantages of the National Conference and also to freely circulate printed matter about the Conference. He will attend the New Jersey State Conference in February.

The President attended, with the General Secretary, the Conferences in Illinois, Indiana and Minnesota and also, by himself, the State Conference at Louisville, Ky. He will probably attend the Conferences of Missouri and Kansas in January.

## REPRINTS FROM THE PROCEEDINGS.

There has been a larger demand this year than for some years past, for reprints from the proceedings. A list of those printed, with prices, appears on the inside page of the back cover. A few of these are already nearly all sold. The papers on Charitable Finance have a very special value to everyone interested in the problems of financing a Charitable Society or Institution. The financial history of the Newark Bureau of Charities, as told by Miss Ginger, is a splendid illustration of what instructed energy and thorough method, with a fair share of native ability, and enthusiasm can accomplish in a few years.

A few of these reprints should be on hand to give to a friend on occasions, by every member of the Conference. So used, the papers are of vastly more use than they are in the volume, which is too often put on the shelf and rarely looked into.

\* \* \*

## THE SUSTAINING MEMBERSHIP.

The result of the canvas for sustaining members, made last year, was decidedly encouraging. The number of such members for 1907 was 211, we should have twice as many. Read the appeal on the inside page of the front cover and if you are not a sustaining member think earnestly whether you do not wish a share in so useful an enterprise.

\* \* \*

## THE DIRECTORY OF STATE INSTITUTIONS.

The directory was prepared to fill a long felt want in the Secretary's office. It is published in the hope that it may be as useful elsewhere as it is in the office for which it was prepared.

A revised edition will be published next year and, possibly, annually thereafter, should it be demanded.
